

## ACCEPTABLE USE POLICY ("AUP")

1. **General Information.** As a provider of Internet/World Wide Web access, web site hosting, and other Internet-related services, Beepaw, Inc, dba GuestChecks.us dba Pegasus Ventures Michigan, LTD ("PEGASUS VENTURES") offers its customers, the means to acquire and disseminate a wealth of public, private, commercial, and non-commercial information. PEGASUS VENTURES respects that the Internet provides a forum for free and open discussion and dissemination of information, however, when there are competing interests at issue, PEGASUS VENTURES reserves the right to take certain preventative or corrective actions. In order to protect these competing interests, PEGASUS VENTURES has developed this Acceptable Use Policy ("AUP"), which supplements and explains certain terms of each customer's respective service agreement and is intended as a guide to the customer's rights and obligations when utilizing PEGASUS VENTURES services. This AUP will be revised from time to time. A customer's use of PEGASUS VENTURES services after changes to the AUP are posted on PEGASUS VENTURES web site, <http://www.PEGASUS-VENTURES.com> under the Legal Details section, will constitute the customer's acceptance of any new or additional terms of the AUP that result from those changes. One important aspect of the Internet is that no one party owns or controls it. This fact accounts for much of the Internet's openness and value, but it also places a high premium on the judgment and responsibility of those who use the Internet, both in the information they acquire and in the information they disseminate to others. When subscribers obtain information through the Internet, they must keep in mind that PEGASUS VENTURES cannot monitor, verify, warrant, or vouch for the accuracy and quality of the information that users may acquire. For this reason, the user must exercise his or her best judgment in relying on information obtained from the Internet, and also should be aware that some material posted to the Internet is sexually explicit or otherwise offensive. Because PEGASUS VENTURES cannot monitor or censor the Internet, and will not attempt to do so, PEGASUS VENTURES cannot accept any responsibility for injury to its users, customers or subscribers that results from inaccurate, unsuitable, offensive, or illegal Internet communications. When users, customers or disseminate information through the Internet, they also must keep in mind that PEGASUS VENTURES does not review, edit, censor, or take responsibility for any information its users, customers or subscribers may create. When users place information on the Internet, they have the same liability as other authors for copyright infringement, defamation, and other harmful speech. Also, because the information they create is carried over PEGASUS VENTURES network and may reach a large number of people, including both customers and subscribers and non-subscribers of PEGASUS VENTURES, customers' and subscribers' postings to the Internet may affect other customers and subscribers and may harm PEGASUS VENTURES goodwill, business reputation, and operations. For these reasons, customers and subscribers violate PEGASUS VENTURES policy and the service agreement when they, their customers, affiliates, or subsidiaries engage in activities described herein.
